

November 2020

Construction begins on roundabout at Gateway Boulevard/Commerce Lakes Drive

Lee County is starting construction on the roundabout at Gateway Boulevard and Commerce Lakes Drive the week of November 10. The contractor is Wright Construction Group and the cost is \$2.8 million. The project is expected to be complete in one year.

What to expect during construction

The initial work includes clearing vegetation along Gateway Boulevard and Commerce Lakes Drive to accommodate planned traffic shifts, installing temporary pavement, installing a force main, and constructing the roundabout. Expect periodic lane closures during construction. Drivers should be cautious of contractors in the field and large construction vehicles in the area. The first major traffic shift will occur in January. The contractors will use Variable Message Boards (VMB) to notify the public about any traffic pattern changes during construction.
